Dr. Vern Simpson — Founder, Parent School, Van Nuys

We, the students, would like to take this opportunity to recognize two men: without their help and inspiration who knows and who can say what would have happened. They were truly pillars of the first and hardest years of Montclair. We sincerely thank Mr. Waltah Clarke, founder of Montclair School of Palm Springs, and Dr. Vern Simpson, Director of the Montclair Schools, for all you have done for us.
True friendship exhibits itself more in solitude than in the presence of others.

As a Headmaster, in our opinion, Mr. Heflin is one of the finest. There would be no way to even begin to tell how much he has done for us and our school. He understood our moods and whims, and when we needed someone to talk to, he was always around with an open ear and mind.

Mr. Heflin, you are much appreciated.

What can you say about a wonderful lady like Mrs. Plantico, A LOT! She was our counsellor, nurse, and friend. Most important she was our friend. She understood everything. And if things went wrong, she made us feel that it would be okay. We deeply appreciate all she has done for Montclair... the Student Body

or frightened, but go on in fortune
or misfortune at their own
private pace, like a clock in

Dr. Mike Loso — Chemistry, Biology, Earth Science.
The only world I know without walls, is that of illusion and poetry.
For me that is the only Liberation.
I don’t believe man can be changed by outer systems,
It has to come from within.

Anais Nin
Por qué naci entre espejos?
El día me da vueltas.
Y la noche me copia
en todas sus estrellas.

Quiero vivir sin verme.
Y hormigas y vilanos,
sonare que son mis
hojas y mis pájaros.

but his feet sinking into time, into centuries. . .

End in the Nothing all Things end in — Yes —
Then fancy while Thou art, Thou art but what
Thou shalt be — Nothing — Thou shalt not be less.

Have you heard
What the wind's blowin' round.
Communication is comin' on strong . . .
I don't give a damn whether your hair is long or short.
I said get out of your grave,
everybody's dancin' in the street
Do what you know,
Don't be slow
You've gotta practice what you preach
You've gotta forget about the past baby,
things ain't what they used to be.
Straight ahead mama, straight ahead.

Jimi Hendrix
It is a fine friendship that asks nothing and gets it.

Consider: here we are, two intelligent people; We know beforehand that one can argue endlessly about anything, and therefore we do not argue; We know almost all the secret thoughts of each other; One word is a whole story for us; We see the kernel of our every emotion through a triple shell.
We're all bozos on this bus.

Watching the world in our Topango Windows,
seeing people running through their lives.
Sunshines warm in our Topango Windows,
Your time is going much too fast.
You've got to slow it down or it won't last.

Goin' back to California
So many things goin' round.
Some people may treat you ugly
Some people beautiful too.
That's the way life is all over
So look for the good things for you.
Ca-ah-ah-ah-lifornia . . .
that's where I wanna be.

John Mayall
To be nobody — but yourself in a world which is doing its best, night and day, to make you everybody else — means to fight the hardest battle which any human being can fight, and never stop fighting.

Larry Adell

We all know ...
Now I've been happy lately thinking about the good things to come and I believe it could be something good has begun
Oh, I've been smiling lately dreaming about the world as one and I believe it could be someday it's going to come.

All we need to make the day go better is to remember our friends, or maybe one friend’s face.

What is a friend? A single soul which dwells in two bodies.

All I see are rednecks and the revolution crazies,
let's rent out soldiers field and have Jerry Rubin versus Mayor Daley
for the benefit of Peace, admission is free
We can all stay home and watch it on T.V.
Call it the superscene.

Stephen Stills

All this crying, while the earth is dying
It's still a shock they won't stop because of money
America is lost, figuring the cost
You can hang your head in shame
it's disgusting
We've got to get back to the garden

!!! WILLY !!!
You've gotta shake your fists at lightning now
You've gotta roar the forest fire
You've gotta spread your light like blazes
all across the sky
They're gonna aim those hose on you
But ya gotta show 'em you won't expire
Not till you've burnt up every drop of passion
Not even when you die

If I make a mark in time
I can't say the mark is mine
I'm only the underline of the word
Yes, I'm like him, just like you
I can't tell you what to do
Like everybody else I'm searching through
What I've heard.

Yeah,
If the sun refused to shine, I don't mind.
If the mountains fell in the sea, Let it be,
It ain't me.
Got my own world to live through,
And I ain't gonna copy you.

Jimi Hendrix
I just want to talk to you
I don't want to do you no harm
I just want to know about your
different lives on this here people farm

Overcome space,
and all we have left is Here.
Overcome time,
and all we have left is Now.
And in the middle of Here and Now
don’t you think we might see
“You are the sunshine of my life. That’s why I’ll always stay around. You are the apple of my eye. Forever you’ll stay in my heart.”

Stevie Wonder

We should welcome the excesses of youth just as we welcome the exuberance of spring, looking forward with delight to the time when people with such an imaginative program for life become mellow and mature — not only gentle as doves, but wise as serpents.

I feel like I've been here before
And you know it makes me wonder what's goin' on
Ohhh...
Do you know? Don't you wonder?
What's goin' on down under you.

Don't let it bring you down
It's only castles burning,
Just find someone who's turning,
And you will come around.

Neil Young

Anita Comeau
Hey partner, won't you pass the grief around.
My world is spinnin', yeah
Just gotta slow it down
Ohhh, yes you know I've sure
gotta slow it down.
I believe I'll go out to the seashore,
Let the waves wash my mind
Open up my head now, just to see what I can't find.
Just one more time now
And I know I'll be my own time
Yes I'll go out to the desert.
Just to find my past.
Truth lives all around me,
but it's just beyond my grasp,
Yes, you know it's just beyond my grasp.
Those sands and stars . . .
Yeah . . . carry me back
ohhh yeah, carry me back . . .

C. J. Fish
My sweet tumbleweed
I need more quiet times
By a river flowing
You and me...
Deep kisses
And the sun going down...

Joni Mitchell

You're trying to make it real, but compared to what!...

Les McCann
One graduation has already gone by. All we hold now are the memories of that most important day and the expectations of more to come.
People searching for a better season
Trying to catch a moment on the run
Always asking what’s the reason
Well, what do you want when you just want some fun?

Spirit
Mother Earth is waitin' for you . . . yes she is.
She is big and she's round and it's cold way down in the ground.
You may not be happy all the time.
You may never be that way.
Mother Earth is waitin' for you
for that debt you gotta pay.
Don't care how big you are.
I don't care what you earn . . .
When it all is up
you've gotta go back to Mother Earth.
You could be blaze with life
only love foreign girls
and fly around the world.
Don't care how big you are,
When it all is up,
you've gotta go back to Mother Earth,
sweet Mother Earth . . .
We are one . . .

Kahlil Gibran

Time it was,
And what a time it was,
it was . . .
A time of innocence,
A time of confidence.
Long ago . . . it must be . . .
I have a photograph.
Preserve your memories;
They're all that's left you.
